## This week's tidbits

- Julie Hamon has opened a

Cut Above salon at 804 N. Lincoln, Post Falls. She is joined by April Cerwin and Felicity Brooke Moore. Services include cuts, colors, perms, weaves, waxing, straightening, nails and photo imaging. Hamon will give you a discount if you mention this item. Call 773-8092.

- At the North Idaho College men's basketball game Friday, the Cardinals made 12 three-point shots, which resulted in Wendy's Restaurants giving the crowd coupons for free hamburgers. District Manager Jim Hensley said 10- to 15 percent of those getting coupons (150 to 180 people here) cash in their coupons, and many buy items while they're at Wendy's. Hensley said Wendy's does the promotion at all area colleges and universities and "It gets our name out there."

- A military veteran reader is boosting Sears, which is maintaining all benefits, paying the difference in salaries and more for reservists who are called to active duty. By law an employer is required to hold their jobs open, nothing more.

- As I reach geezerhood, I notice two things when I renew acquaintances with people I haven't seen in a while: They're older (of course) and heavier. However, a cartoon in the Sanders County Ledger of Thompson Falls, Mont., puts it in a positive note as one fella says to another at a restaurant, "People around the world would grow closer together if they put on 10 pounds."
